### DURATION

3 years  
Dec 1st, 2023 – Nov 30th, 2026

### FUNDING

Erasmus Plus  
Capacity Building - VET

### PROJECT REFERENCE

Project 101128866 - TechTex

**TechTex** aims to support Moroccan VET providers in the field of technical textiles, by updating the curriculum through the introduction of innovative methodologies and upskilling of textile VET students and trainers.

## Main results

**Virtual training** a virtual training in the format of a MOOC, supported by a flipped classroom methodology and delivered through a digital platform

A **train-the-trainer program** to the trainers from VET centres in Morocco and other Moroccan organisations to uptake best practices and to get ready to replicate it within Morocco

### Curricula, MOOC and flipped classroom

Gap analysis 2024

Capacity building and testing

Start Dec 1st, 2023

End Nov 30th, 2026

## Target groups

Vocational education students in Morocco

Textile SMEs in Morocco

Clusters and associations in Morocco

Policy makers

General public
